

Why leave quality to chance? QS Examiner, with 100%-inspection, doesn't.

Chance is acceptable in Las Vegas, but not on your shop floor. Instantly verify with 100% accuracy that every part you ship meets your customers' expectations - with QS Examiner from Avalon Vision Solutions, a leader in part quality verification.

**100% Inspections
No Manual Verifications
Save Your Customers**

QS Examiner is a turnkey solution that automatically feeds all your parts past its inspection camera(s), and sorts them into either "accept" or up to three "reject" chutes, at one to four parts per second.

Include **Process Rx** for only **\$1500**

Powered by Process Rx™, the leading process documentation system that provides statistical and imaging reporting.

**Contact us now to see how we can help you
remove the element of chance.**
